

**The 63rd Annual Meeting
of the
Ohio Valley Society of Plastic Surgeons**

Ananth Murthy, MD, President

June 5 – 6, 2020

Jointly Provided by

About the Conference:

The Annual Scientific Meeting of the Ohio Valley Society of Plastic Surgeons (OVSPS) serves a crucial role for students, residents, fellows and attending surgeons to highlight new technologies, new treatment modalities and new techniques in plastic and reconstructive surgery. In addition, the program serves to educate these individuals on patient safety topics and research occurring within the region thereby expanding the breadth and scope of plastic surgeons. Specifically, the meeting will include didactic and panel presentations to generate discussion involving new concepts and controversies in plastic surgery. The presentations are designed for audience interaction in an open forum allowing ample time for questions and answers.

A resident forum for research presentations is highlighted. This serves an important role in providing the opportunity for the resident/fellow to present his/her work in an open forum; an opportunity that may not be available at the national level.

Intended Audience:

The target audience of this meeting includes plastic surgeons in practice and in training, both private and academic, in the five-state Ohio Valley region and beyond.

Learning Objectives:**Upon completion of this activity the participant should be able to:**

- ◆ Identify the present state of cartilage tissue engineering and applicability to today's clinical practice
- ◆ Ascertain the physiology, efficacy and regulation of fat grafting
- ◆ Examine the present and future state of composite tissue allo-transplantation (face transplant)
- ◆ Recognize the multifaceted issues of the opioid crisis and employ strategies to address it
- ◆ Observe the massive trauma of cranial, facial and extremity areas during armed conflict and evaluate/treat similar civilian injuries with appropriate reconstruction
- ◆ Utilize rhinoplasty techniques in difficult deformities of the nose
- ◆ Discover the anatomy of bone flaps and its role in spine reconstruction
- ◆ Evaluate the role of social media and understand its ethics in practice management
- ◆ Associate the role of timing and principles of breast reconstruction in the adolescent population
- ◆ Ascertain the criteria and treatment options in gender reaffirmation surgery

ABMS Competencies:

This activity will address the following ACGME/ABMS Competencies: Medical Knowledge, Patient Care, Systems Based Practice, Practice Based Learning, and Professionalism

Accreditation Statement:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Cincinnati and the Ohio Valley Society of Plastic Surgeons.

The University of Cincinnati is accredited by the ACCME to provide continuing medical education for physicians.

Designation Statement:

The University of Cincinnati designates this live activity for a maximum of **11 AMA PRA Category 1 CreditsTM**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Of the **11 credits**, **2 credits** have been identified as applicable to patient safety. Patient safety symbol = ▲

Off-Label Disclosure Statement:

Faculty members are required to inform the audience when they are discussing off-label, unapproved uses of devices and drugs. Physicians should consult full prescribing information before using any product mentioned during this educational activity.

Learner Assurance Statement:

The University of Cincinnati is committed to resolving all conflicts of interest issues that could arise as a result of prospective faculty members' significant relationships with drug or device manufacturer(s). The University of Cincinnati is committed to retaining only those speakers with financial interests that can be reconciled with the goals and educational integrity of the CME activity.

Disclaimer Statement:

The opinions expressed during the live activity are those of the faculty and do not necessarily represent the views of the University of Cincinnati. The information is presented for the purpose of advancing the attendees' professional development.

According to the disclosure policy of the University of Cincinnati College of Medicine, all faculty, planning committee members, and other individuals who are in a position to control content are required to disclose any relevant relationships with any commercial interest related to this activity. The existence of these interests or relationships is not viewed as implying bias or decreasing the value of the presentation. All educational materials are reviewed for fair balance, scientific objectivity and levels of evidence. Disclosure will be made at the time of activity.

All identified conflicts of interests have been resolved:

All Chairs, Co-Chairs, Speakers, Authors, Moderators, Reviewers, Committee Members, Staff, Residents, Fellows, Medical Students and other appropriate individuals not included in the preceding list have indicated that they have no conflicts of interest to disclose.

Anand Kumar, MD – Research Grant paid to hospital, KLS Martin

Andrea Moreira, MD – Review Panel Member, Consultant, Speaker, Acelity-KCI

Ananth Murthy, MD – Grant/Research Support, KLS Martin; Common Stock, Ideal Implant

Kamlesh Patel, MC, MSc – Consultant, Stryker CMF

Ian Valerio, MD – Consultant, Axogen; Consultant, Integra Lifesciences, Inc.; Consultant, Stryker Corp.

Planning Committee Members

Bruce Gebhardt, MD - Reviewer – No Relevant Relationships
University of Cincinnati College of Medicine

Barbara Forney – Compliance – No Relevant Relationships
